## ABOUT ME

Born in Milan, Italy, I've studied both in my motherland and the US, where I currently work.

Passionate about art, in all its forms; often using it as foundation and inspiration to my work. I'm sensible and a good observer.

Passion, self-demanding, and perseverance define my work ethic, naturally bringing me to develop a meticulous eye on needs and meanings of the project I'm hired for.

Professionalism and organizational skills, positivity and self-adaptment are my keys for achievements. Past experience and attention to the needs have outlined me into a versatile and dedicated hard-worker, with a demonstrated ability to meet deadlines. Trustworthy team-worker. Creative and rigorous.
